

feelgoodpaper

A paper with impact – due to precious ingredients of pine heartwood.
antibacterial | hygienic | healthy

Pine heartwood ingredients have a positiv impact in many respects. **feelgoodpaper** contains all these positive ingredients. For a hygienic paper and a good feeling. The pine heartwood extract is transferred to the **feelgoodpaper** by a special process. This step of refinement gives the paper its unique properties. You will feel it. The natural power of pine heartwood is confirmed in numerous studies, conducted by different research institutions.

"...rapid destruction (two hours) of all micro-organisms..."

Federal Biological Institute for Agriculture and Forestry

"...always less germ appearance..."

German Institute of Food Technologies
